## NEW PRESIDENT FIRST WORDS

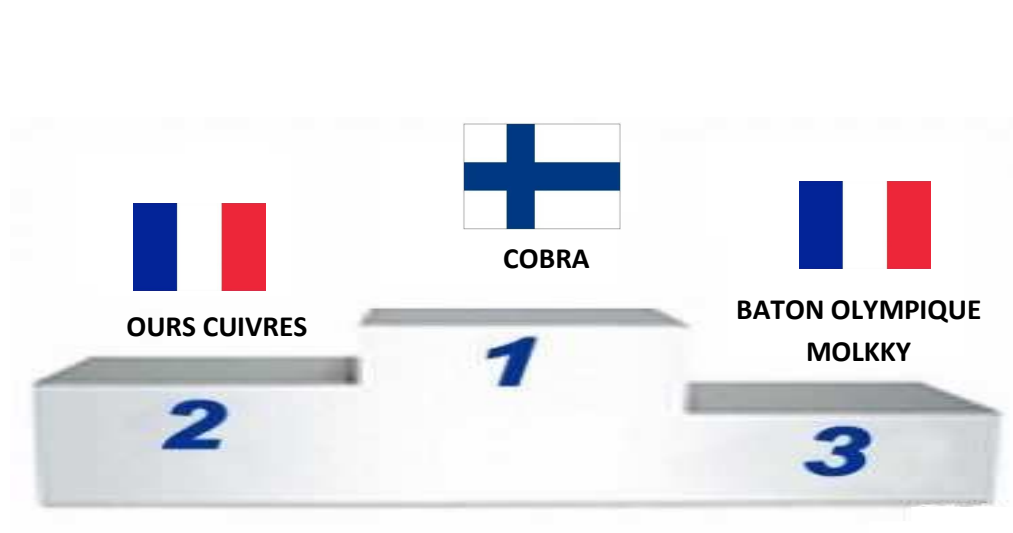

Hello everyone, I am Damien Landais, as many of you have known me on the fields as DamDoum. I have been elected in August during the IMO congress to take the presidency of IMO for the period 2019-2022.

Our aim is to develop Mölkky integrating everyone and continue to develop the games all over the world as it has been started by Fabian Schömann preceding me.

We will also communicate better to you, players and actors of the game so that you know what is happening behind the scenes!
